CONFERENCE TRACKS

"It was a really nice event, it was great to meet all these people. The panels were super interesting. I'll come back for sure next year." - **Aneta Kuznicka, Data Integrity Manager & Systems Usability Coordinator, ETG Commodities**

"As a beginner attending Commodity Trading Week Europe, I found the event extremely useful in giving a clear and practical overview of the trading world. The panels and discussions were particularly insightful and helped bring the industry to life in an accessible way. While I'm not a trader myself and didn't attend for direct business purposes, it was still a great opportunity to observe and network informally. The catering service was also excellent—10/10. Overall, a very valuable and well-organised event.." - **Alister Stewart, Client Advisor - Carbon Trading, Carbonzeroed**
